CLOSE CALL Stan Wicker had a close call Tuesday morning just after leaving home at 6:30 a.m. to go to his job at Ft. Rucker. The Chief Warrant Officer gained this four legged, unwanted passenger, on Taylor Mill Road, near the Elba Country Club. A military helicopter pilot with combat experience, he admitted this was completely new and compared to nothing he had ever experienced.

He explained that the deer hit the left front fender, flipped and crashed into the windshield on the passenger side. According to Wicker, the deer was still alive and kicking. After kicking out the window on the passenger door the deer apparently died from injures received in the collision. Wicker said it was extremely foggy and he wasn't sure if he was better off in the car with the deer or on the fog shrouded highway. He said his hand was on the door handle, ready to jump out if necessary, but the deer quit kicking and he was able to turn around and drive back to his house to

It was good the weatherman was wrong last week. Predictions of storms and tornados were right, but not for downtown Elba. Most of them hit the northern part of the state, but Geneva and Houston Counties got more that they wanted also. Deaths in Alabama were limited to one up around Tuscaloosa. We say a prayer of Thanks.

Alabama voters approved an amendment last year which had been pushed hard by Alabama Power Company and other electric utilities. It is designed to protect the utility company if a consumer wants to take advantage of a new federal law allowing individuals and businesses to buy electric power from whomever they choose. We were opposed to the amendment at the time, but our vote was lost in the crowd. Now a group of consumers has filed a lawsuit calling the new law unconstitutional. The courts will decide that matter. However, we note that so far Alabama is the only state to pass such a law. Cooler heads in the electric utility business, while grinning about our losing at the election box, have said privately that the end results of this new federal law will probably be lower electricity cost for the consumer, even in Alabama.

Sports fans are bemoaning the decision by TCI to drop Chicago's WGN from the lineup. Monday a business editor of The Montgomery Advertiser grumbled about the change ... and that is all right, some of us like vanilla and others want another flavor. However, he went past our capacity for compassion when he wrote, "I can't imagine anyone who would be happy watching animals running through nature on "Wild Discovery" when they could watch Dennis Rodman ..." Our thinking is just the opposite! Elba cable viewers picked up The Learning Channel and Animal World in the exchange. Monday night we got so interested in a Learning Channel program called Real History that the crossword puzzle got pushed aside. We heard things about the Seven Wonders of the Ancient theft of property, one for breaking Hwy. 87N (10:20 p.m.). World we never heard before. That was a rarity - a program we and entering of a vehicle, one for would watch again! Also we have found some good, informative programs on that all-animal channel. Oh, who is Dennis Rodman he is the basketball player who dresses weird, dyes his hair weird colors and gets suspended and fined for kicking fans and/or cameramen in the groin - during games.

It hardly seems possible that Pizza Hut has been in Elba three years already. But in March it will be three years. We talked with the y bosses recently and they said nice things about Elba. An ad they purchased in the newspaper this week begins their celebration of those three years.

W. K. ELLISON

## INTERCESSION

Intercession may be defined as holy, believing, persevering prayer whereby someone pleads with God on behalf of another or others who desperately need God's intervention. During His earthly ministry, Jesus prayed for multitudes whom He came to seek and to save. He wept in brokenness over the city of Jerusalem. He prayed for his disciples, both individually and as a group. He even prayed for His enemies while He was hanging on the cross.

men's Workshop on Saturday, Feb.

8, with host Greenville District at throne of God. For this reason, John calls Jesus our "advocate" with the Fathe New Philadelphia COGIC of ther, i.e. one who pleads our case. Christ's intercession is essential to our Pastor L.E. Flowers invites all in-excepted men of the community to

The Holy Spirit is also involved in intercession. Paul states, "We know not what we should pray for as we ought, but the Spirit itself maketh intercession for us with groanings which cannot be uttered" (Rom. 8:26) The Holy Spirit through the human spirit of the believer intercedes "according to the will of God." Thus, Christ intercedes for the believer in heaven; the Spirit intercedes within the believer on earth

I'm not a real big pro football fan, but I will admit that I had been looking forward to watching the Super Bowl on TV and can assure you the television set in the living room was tuned to FOX Sunday night during the game. Melanie usually sits with Dad up front; however, Sunday night she left the football to the players and sat in the bedroom watching the final hours of "16 Hours of Andy Griffith" on TBS. Come to think of it, I bet'ya Andy and Barney probably beat out the ballgame in quite a few homes!

### ELBA TIGERS CLINCH WINNING SEASON

The Elba Tigers clinched their first winning season in basketball in five years last week by claiming two big wins to push their record to 13-5 on the season. The wins came over 4A W.S. Neal and Area-rival Rehobeth, and in both games the Tigers fell behind early and then battled back in the second half to leave the court with the victory. Thirteen is usually considered to be an unlucky number, but for Elba it was sweet to end the week with 13 wins.

The Tigers knew they would have a real battle on their hands down in

East Brewton, and that was certainly the case as they had to scratch and
claw for all four quarters to leave with the win. Elba's offense had some

problems with the quick Neal defense; however the Tiger defense never problems with the quick Neal defense; however, the Tiger defense never rested and led the way to the win by limiting the Eagles to only 31 points away in the second man last russially night to down the W.S. Neal Blue Eagles 61-49, in East Brewton.

Rehobeth was coming off a big upset win over Cottonwood and was sky-high when the Rebels hit the court, but the Tigers worked hard in the opening half and then slowly began to take command in the second half and pulled away to close the season with a 2-2 area slate. Elba's offense, led by The teams swapped buckets for The teams swapped buckets for Kingsland 8, Godbolt 2, Bailey 12, hot-shooting Derrick Daniels, did its part in the first half by putting 35 points on the scoreboard, and the defense came to life in the second half points on the scoreboard, and the defense came to life in the second half and held the Rebels to only 26 points over the final two quarters to pave the lead, but the Elba defense began to

Neither win came easy, but the Tigers had already defeated both teams earlier in the season and could have very well taken both teams for granted. The impressive stat in both games was the way the Tigers bounced back in the second half and used their defensive pressure to take command. Some the second half and used their defensive pressure to take command. Some the second quarter and at intermission the Tigers went in with a 25-23 advantage.

The Tigers continued to dominate the action on both ends of the court first quarter lead and never looked in the second half and used their defensive pressure to take command. Some nights the ball just won't drop through the net, but good defense can always be found with winning teams, and that was the difference last week for the to 44-34, and then hit on 9 of 12 Marcus Siler scored 1 Tigers. It's been fun winning 13 games; however, there can be a lot of fun still to come if the Elba players will keep working hard and not be content with just being a winning team!

\*\*\*I went to the Elba Chamber of Commerce Banquet last weekend to honor Ronald McKinnon, and felt great after the event because it was plain to see that all of Elba is indeed proud of its pro football star. The attendance Karate classes being held in Elba at the banquet had to be a record, and the speakers all had nothing but praise for the honored guest.
